BETTER CROPS WI

The Pocket Boo

TABLE OF CONTENTS

JANUARY 1941

Starting Something	*Jeff McDermid*	3
Better Pastures in North Alabama	*R. M. Reaves*	6
Our Defense Against Soil Fertility Losses	*C. J. Chapman*	9
Report to the Black Oak Agricultural Society	*J. L. Smith*	13
How, Where, When Apply Fertilizers?	*F. J. Hurst*	15
Further Shifts in Grassland Farming?	*F. S. Prince*	19
Hunger Signs in Crops (A Book Review)		22
General Horticulture (A Book Review)		43
Small "Dose" of Boron Makes More Daffodils		45
Corn Cost Goes Down as Acre Yields Go Up		45

FEBRUARY 1941

Valentines	*Jeff McDermid*	3
The Cotton Program in Bertie County, N. C.	*B. E. Grant*	6
Use Boron and Potash For Better Alfalfa	*R. W. Donaldson*	9
Florida's Search For Better Grasses	*J. F. Cooper*	12
Some Requirements of Fiber Flax	*W. L. Powers*	15
Letting Down Barriers To Selling Good Crops	*C. B. Sherman*	17
Meeting Fertility Needs in Wood County, Wis.	*H. R. Lathrope*	19
Better Lawns (A Book Review)		44

MARCH 1941

Bovinology	*Jeff McDermid*	3
Soil, the Substance of Things Hoped For	*F. E. Bear*	6
Soil and Plant-tissue Tests as Aids in Determining Fertilizer Needs	*G. D. Scarseth*	9
Some Early Experiences With Fertilizer on the Pacific Coast	*B. E. Maynard*	12
Oscar Bledsoe Makes Farm Science Work	*F. J. Hurst*	16
The Nutrition of Muck Crops	*P. M. Harmer*	19
Gardening Without Soil (A Book Review)		35

APRIL 1941

Shares Well Scoured	*Jeff McDermid*	3
Available Potassium in Alabama Soils	*N. J. Volk*	6
Some Early Experiences With Fertilizer on the Pacific Coast	*B. E. Maynard*	9
The Nutrition of Muck Crops	*P. M. Harmer*	12
The Champlain Valley Improves Its Apples	*A. B. Burrell*	17
Keeping Celery High in Quality	*L. H. Hartwig*	21

MAY 1941

The Loud Bassoon	*Jeff McDermid*	3
Synthetic Wood Ashes Require Boron	*A. R. Midgley and R. E. Dunklee*	6
Florida's Everglades Can Grow Good Cane	*F. D. Stevens*	10
Some Early Experiences With Fertilizer on the Pacific Coast	*B. E. Maynard*	12
Garden Most Valuable Acre on the Farm	*A. J. Sims*	15
Indiana's Latest Tomato Champions	*R. Fraser*	19
Soil Productivity In the Southeast	*W. H. Garman*	21
Soils and Soil Management (A Book Review)		36
Three Out Of Four Corn Growers Use Fertilizer		46

WITH PLANT FOOD

ook of Agriculture

January 1941 to December 1941

JUNE-JULY 1941

Corncrib Loyalty ... *Jeff McDermid* 3
The Making of Better Pastures ... *T. H. Blow* 6
Plant's Contents Show Its Nutrient Needs ... *F. Moser* 9
Basing a Program on What the Soil Tells ... *F. G. Hall* 12
A Balanced Diet For Nursery Stock ... *S. A. Wilde* 14
Boron—A Minor Plant Nutrient of Major Importance ... *W. L. Powers* 17
The Concept of "Available" Nutrients In the Soil ... *S. R. Dickman* 20
Getting the Most from Fertilizer ... *G. E. Ferris* 35
Give Due Consideration To Dominant Soil Types ... *C. B. Williams* 38

AUGUST-SEPTEMBER 1941

Vitamins—the V-Sign ... *Jeff McDermid* 3
Cotton and Corn Response to Potash in South Carolina ... *G. B. Killinger* 6
The Effect of Borax on Spinach and Sugar Beets ... *R. L. Cook and C. E. Millar* 10
Good Farming By Good Neighbors ... *M. E. McCollam* 15
Better Pastures for North Mississippi ... *E. B. Ferris* 17
Organic Matter Conceptions and Misconceptions ... *F. S. Prince* 20

OCTOBER 1941

Looms and Landscapes ... *Jeff McDermid* 3
Ladino Clover Makes Good Poultry Pasture ... *G. T. Klein* 6
Georgia's Bale-Per-Acre Cotton Farmers ... *E. C. Westbrook* 9
The Newer Ideas About Fertilizing Orchards ... *J. D. Winter* 12
Farmers Can Raise More Farm Game ... *R. E. Hutchins* 14
Some Early Experiences With Fertilizer on the Pacific Coast ... *B. E. Maynard* 17
Mr. Grubb Rebuilt A Worn-out Farm ... *J. O. Tressler* 20
Grassland Farming in New England ... *A. B. Beaumont* 21
New Soybean Outlets ... 36
FFA Youth Proves Potash Helps Cotton ... *W. A. Bollen* 36
More Than Increased Yield Needed in Corn Hybrids ... *E. N. Bressman* 39
Food Goals of 1942 ... 41

NOVEMBER 1941

It's Time to Eat ... *Jeff McDermid* 3
J. T. Brown Rebuilt A Worn-out Farm ... *F. J. Hurst* 6
Cane Fruit Responds To High Potash ... *W. L. Powers* 9
Humanity on Trial—A Defense of Agriculture ... *H. D. Brown* 11
Why Soybeans Should Be Fertilized ... *M. Drake and G. D. Scarseth* 12
4-H Club Members Often Furnish Clue ... *W. R. Vallot* 16
American Farm Homes Can Be Beautiful ... *R. O. Monosmith* 18
There's Enough Potash for National Defense ... *J. W. Turrentine* 21

DECEMBER 1941

Arguing with Angels ... *Jeff McDermid* 3
A Five-year Program for Corn-Livestock ... *H. B. Franklin* 6
Borax Helps Prevent Alfalfa Yellows in Tennessee ... *H. E. Hendricks* 10
Some Newer Ideas on Orchard Fertility ... *F. N. Fagan* 13
Plant Symptoms Show Need for Potash ... *R. L. Cook* 17
Potash Demonstrations on State-wide Basis ... *R. W. Shoffner* 21
